

## **CityPASS Atlanta Attractions**

*Atlanta CityPASS can be a great option for traveling with children of any age. CityPASS provides a significant cost savings on regular admission tickets for children starting at age 3. Children under age 3 may be eligible for free or discounted admission at some attractions (as seen below); however, some attractions may require you to stand in the main ticket line to secure a free/discounted child's ticket—a step you may be able to skip by having a child CityPASS booklet.*
